

## **The Grand Old Duke**

The Grand old Duke of Perth  
He had ten thousand men.  
He marched them off to fight a war  
In a land they didna ken.

The grand old Sultan Faz  
He had ten thousand men.  
He used them to defend his land,  
And then there were only ten.

And when there was war there was war,  
And when there was peace there was war,  
And when there was neither peace nor war  
There continued to be war.
